## Use case UC001 An actor non authenticated can list positions

### Description

An unauthenticated user must be able to list positions available and navigate to the corresponding companies.

### Access

Main menu > Positions

### Tests

Test #1																						
Description	We must click on Positions button in main menu																					
Expected	<div><div>Acme Rookies</div><div>LOGINCOMPANIESPROVIDERSFINDERPOSITIONSREGISTER AS COMPANYITEMSREGISTER AS ROOKY</div><div><a href="#">en</a>   <a href="#">es</a></div><div>Position: List</div><div>2 items found, displaying all items.</div><div>1</div><table><tr><th>Ticker</th><th>Title</th><th>Mode</th><th>Deadline</th><th>×</th><th></th><th></th></tr><tr><td>COMM-1237</td><td>Position 4</td><td>FINAL</td><td>2020/04/24 00:00</td><td></td><td>Display</td><td>Show audits</td></tr><tr><td>COMM-1789</td><td>Position 6</td><td>FINAL</td><td>2020/04/24 00:00</td><td></td><td>Display</td><td>Show audits</td></tr></table></div>	Ticker	Title	Mode	Deadline	×			COMM-1237	Position 4	FINAL	2020/04/24 00:00		Display	Show audits	COMM-1789	Position 6	FINAL	2020/04/24 00:00		Display	Show audits
Ticker	Title	Mode	Deadline	×																		
COMM-1237	Position 4	FINAL	2020/04/24 00:00		Display	Show audits																
COMM-1789	Position 6	FINAL	2020/04/24 00:00		Display	Show audits																
Outcome	The system must return a list with public positions (in final mode)																					
Notes	All works as expected																					

## Use case UC002 An actor non authenticated can list companies

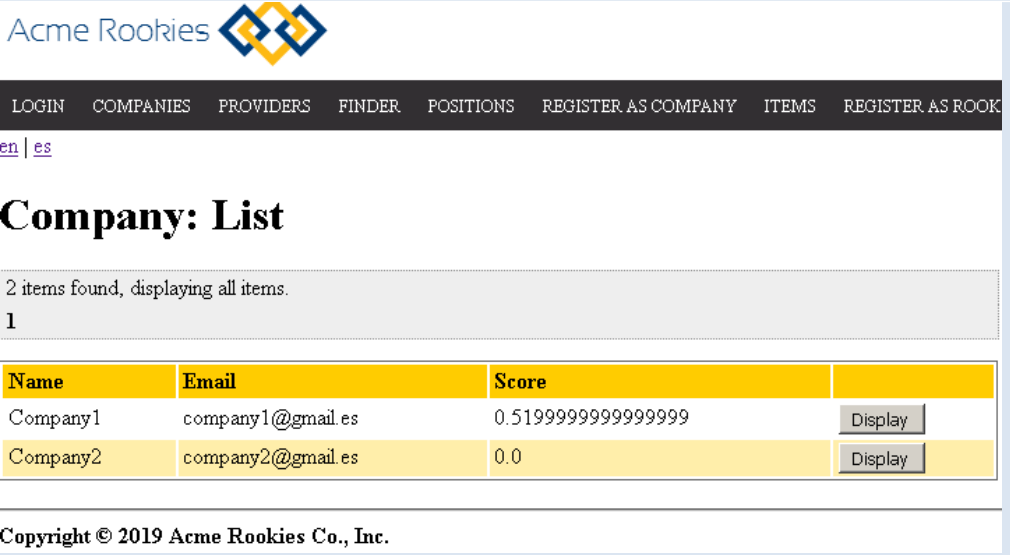

### Description

An unauthenticated user must be able to list companies available and navigate to the corresponding positions.

### Access

Main menu > Companies

### Tests

Test #2	
Description	We must click on Companies button in main menu
Expected	 <p>Copyright © 2019 Acme Rookies Co., Inc.</p>
Outcome	The system must return a list with all companies
Notes	All works as expected

## Use case UC003 An actor non authenticated can search for a position

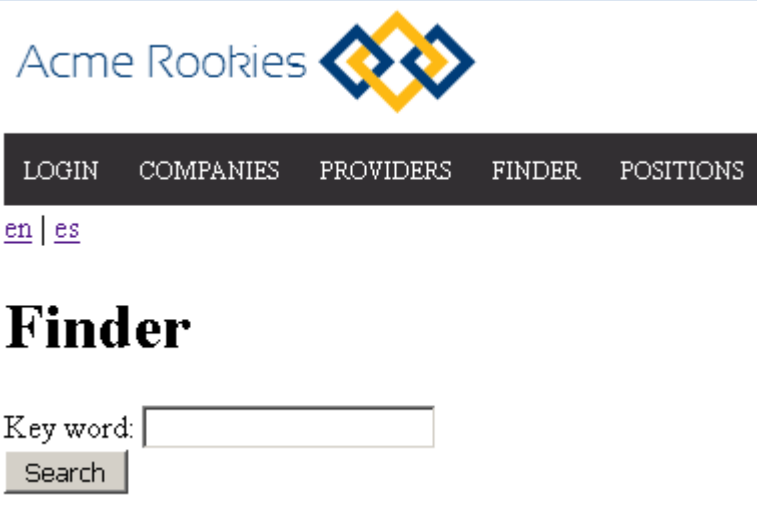

### Description

An unauthenticated user must be able to search for a position using a single keyword refers to its corresponding company.

### Access

Main menu > Finder

### Tests

Test #3	
Description	We must click on Finder button in main menu
Expected	The system must return a form to introduce a keyword
	
Outcome	All works as expected
Notes	

**Test #4****Description**

*We must introduce the keyword "commercial" and click on Search button*

**Expected**

*The system must return the same page with a list of the finder results*

The screenshot shows the Acme Rookies website interface. At the top, there is a navigation bar with links: LOGIN, COMPANIES, PROVIDERS, FINDER, POSITIONS, REGISTER AS COMPANY, ITEMS, and REGISTER AS ROOKY. Below the navigation bar, there are language links for 'en' and 'es'. The main heading is 'Finder'. Below the heading, there is a search form with a 'Key word:' label, an input field containing 'commercial', and a 'Search' button. Below the search form, there is a 'Results' section. It shows '3 items found, displaying all items.' and a list of results. The first result is '1'. Below the list, there is a table with the following data:

Title	Ticker	Deadline	Company	
Position 1	COMM-1234	2020/04/24 00:00	commercialName1	<a href="#">Display</a>
Position 4	COMM-1237	2020/04/24 00:00	commercialName1	<a href="#">Display</a>
Position 6	COMM-1789	2020/04/24 00:00	commercialName1	<a href="#">Display</a>

**Outcome**

All works as expected

**Notes**

## Use case UC004 Register as a company

### Description

*An unauthenticated user wishes to register to the system as a company; he or she fills in a form with personal data and user account data; finally he or she hits the save button*

### Access

*Main Menu > Register as Company*

### Tests

Test #5	
Description	<p><i>We must click on Register as Company button, and introduce the following data in the form returned:</i></p> <p><i>Username: "company004"</i></p> <p><i>Password: "company004"</i></p> <p><i>Surname: "company004, COMPANY_004"</i></p> <p><i>Photo: "<a href="https://i.ibb.co/41rMdFX/logo2.png">https://i.ibb.co/41rMdFX/logo2.png</a>"</i></p> <p><i>Email: "<a href="mailto:company004@gmail.com">company004@gmail.com</a>"</i></p> <p><i>Phone: "666666666"</i></p> <p><i>Address: "C/ company004 N 004"</i></p> <p><i>VAT: "0.21"</i></p> <p><i>Commercial Name: "company004"</i></p> <p><i>Holder: "company004"</i></p> <p><i>Make: "VISA"</i></p> <p><i>Credit Card Number: "4716 6084 9546 8891"</i></p> <p><i>Expiration Month: "05"</i></p> <p><i>Expiration Year: "20"</i></p> <p><i>CVV: "926"</i></p> <p><i>Accepted the terms and conditions: Clicked</i></p> <p><i>And finally you must save them (hit Save button).</i></p> <p><i>Note that system automatically add country prefix to the phone number: +34 666666666.</i></p>

Expected

## Company: Edit

User	<input type="text" value="company004"/>
Password	<input type="password" value="••••••••"/>
Name	<input type="text" value="company004"/>
Surname	<input type="text" value="company004, COMPANY_004"/>
Photo	<input type="text" value="b.co/41rMdFX/logo2.png"/>
Email	<input type="text" value="company004@gmail.com"/>
Phone	<input type="text" value="+34 666666666"/>
Address	<input type="text" value="C/ company004 N 004"/>
VAT	<input type="text" value="0.21"/>
Commercial Name	<input type="text" value="company004"/>

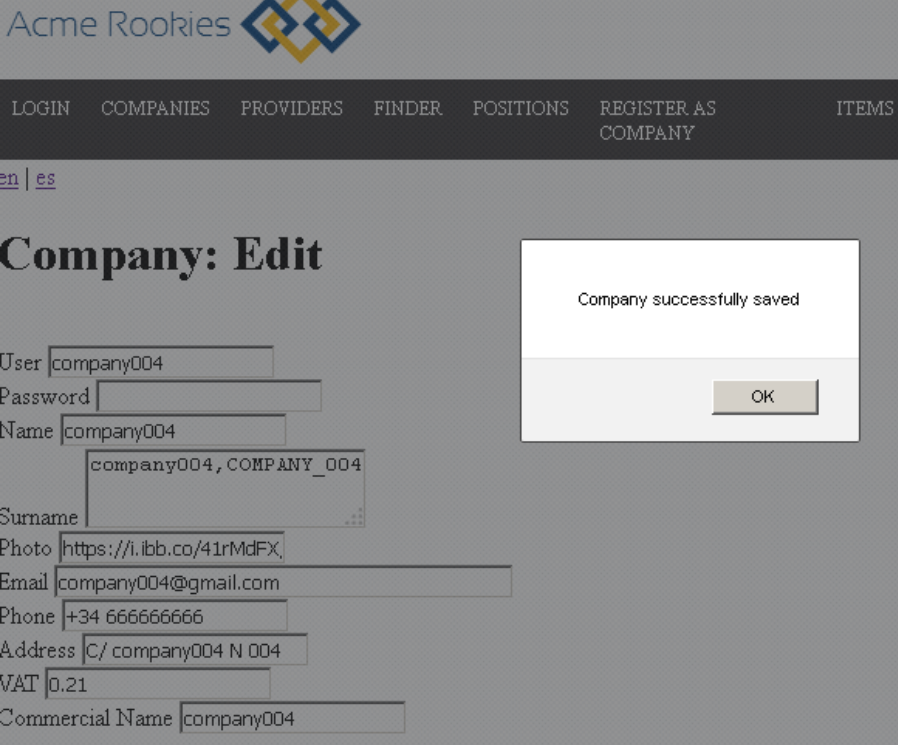

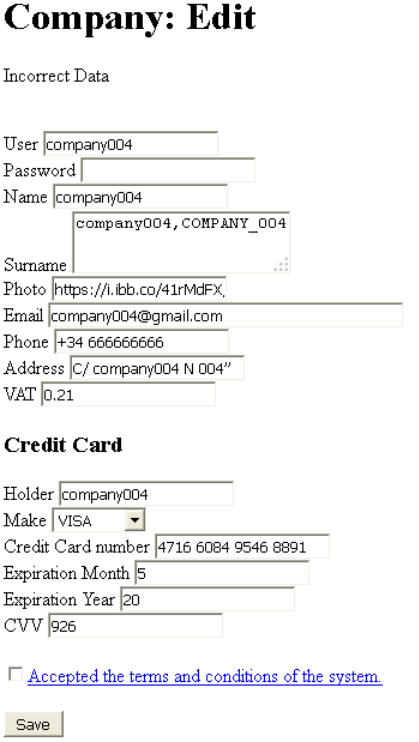

### Credit Card

Holder	<input type="text" value="company004"/>
Make	<input type="text" value="VISA"/>
Credit Card number	<input type="text" value="4716 6084 9546 8891"/>
Expiration Month	<input type="text" value="05"/>
Expiration Year	<input type="text" value="20"/>
CVV	<input type="text" value="926"/>

☒ [Accepted the terms and conditions of the system.](#)

Copyright © 2019 Acme Rookies Co., Inc.

*You must click on save button, then system confirm company is saved, and then you click OK to finalize.*

		
Outcome	<p><b>BUG FOUND:</b> We cannot register companies. We think that this happens because we are not introducing the Comercial Name in the form.</p> 	
Notes		

Test #6	
Description	<i>We must click on Register as Company button and click on Save button without introduce any data.</i>
Expected	<div> <h2>Company: Edit</h2> <div> <p><b>Incorrect Data</b></p> <ul style="list-style-type: none"> <li>the terms and conditions of the system - Must be true</li> </ul> </div> <div> <p>User <input type="text"/> <b>Size must be from 5 to 32</b></p> <p>Password <input type="password"/> <b>Size must be from 5 to 32</b></p> <p>Name <input type="text"/> <b>Must not be blank</b></p> <p>Surname <input type="text"/> <b>Must not be empty</b></p> <p>Photo <input type="text"/></p> <p>Email <input type="text" value="id@domain / alias id@domain / id@ / alias id@"/> <b>Must not be blank</b></p> <p>Phone <input type="text"/></p> <p>Address <input type="text"/></p> <p>VAT <input type="text" value="0.0"/></p> <p>Commercial Name <input type="text"/> <b>Must not be blank</b></p> <h3>Credit Card</h3> <p>Holder <input type="text"/> <b>Must not be blank</b></p> <p>Make <input type="text" value="VISA"/></p> <p>Credit Card number <input type="text"/> <b>Must not be blank</b></p> <p>Expiration Month <input type="text"/> <b>Cannot be null</b></p> <p>Expiration Year <input type="text"/> <b>Cannot be null</b></p> <p>CVV <input type="text"/> <b>Does not match pattern</b></p> <p><input type="checkbox"/> <a href="#">Accepted the terms and conditions of the system.</a></p> <p><input type="button" value="Save"/></p> </div> <p><i>The system must return the same form notifying validation errors in the right side of input box of the corresponding attribute</i></p> </div>
Outcome	All works as expected
Notes	

## Use case UC005 Register as a rookie

### Description

*An unauthenticated user wishes to register to the system as a rookie; he or she fills in a form with personal data and user account data; finally he or she hits the save button*

### Access

*Main Menu > Register as Rookie*

### Tests

Test #7	
Description	<p><i>We must click on Register as Rookie button, and introduce the following data in the form returned:</i></p> <p><i>Username: "rooky005"</i></p> <p><i>Password: "rooky005"</i></p> <p><i>Surname: "rooky005, ROOKY_005"</i></p> <p><i>Photo: "<a href="https://i.ibb.co/41rMdFX/logo2.png">https://i.ibb.co/41rMdFX/logo2.png</a>"</i></p> <p><i>Email: "<a href="mailto:rooky005@gmail.com">rooky005@gmail.com</a>"</i></p> <p><i>Phone: "666666666"</i></p> <p><i>Address: "C/ rooky005 N 005"</i></p> <p><i>VAT: "0.21"</i></p> <p><i>Holder: "rooky005"</i></p> <p><i>Make: "VISA"</i></p> <p><i>Credit Card Number: "4522 7422 7105 1771"</i></p> <p><i>Expiration Month: "10"</i></p> <p><i>Expiration Year: "20"</i></p> <p><i>CVV: "377"</i></p> <p><i>Accepted the terms and conditions: Clicked</i></p> <p><i>And finally you must save them (hit Save button).</i></p> <p><i>Note that system automatically add country prefix to the phone number: +34 666666666.</i></p>

## Use case UC009 An authenticated actor can delete his account

### Description

An authenticated actor must be able to delete his personal data and delete his account.

### Access

Main Menu > Login > Login(company1/company1) > Profile (Hover) > Display profile > Delete personal data and account

## Tests

Test #14	
Description	We must click on Profile and then Display Profile in the dropdown menu, finally we click on Delete personal data and account
Expected	<p><b>Company: Display</b></p> <p>Name: company004</p> <p>Surname</p> <ul style="list-style-type: none"> <li>• company004</li> <li>• COMPANY_004</li> </ul> <p>Photo:</p>  <p>Email: company004@gmail.com</p> <p>Phone: +34 666666666</p> <p>Commercial Name: company004</p> <p>Address: C/ company004 N 004</p> <p>VAT: 0.21</p> <p>Score: 0.0</p> <p><b>Credit card</b></p> <p>Credit card: company004</p> <p>Number: 4716608495468891</p> <p>Make: VISA</p> <p>Expiration month: 5</p> <p>Expiration year: 20</p> <p>CVV: 926</p> <p>Get Personal Data   Delete personal data and account.</p> <p>Once we click on the button, we must confirm this message:          "The personal data of the account will be erased, although all the actions in the system will be maintained, in addition it will remain Full name to maintain consistency in the sent messages."          After hitting OK, our data and account should be removed and the system redirect us to welcome page.</p>
Outcome	All works as expected
Notes	

### Description

## Access

## Tests

Test #15	
Description	Once we're logged we click on profile, and then in Display profile in the dropdown menu. Finally, we get a pdf downloadable with out personal data.
Expected	<div> <h2>Company: Display</h2> <p>Name: company004</p> <p>Surname</p> <ul style="list-style-type: none"> <li>• company004</li> <li>• COMPANY_004</li> </ul> <p>Photo:</p>  <p>Email: company004@gmail.com</p> <p>Phone: +34 666666666</p> <p>Commercial Name: company004</p> <p>Address: C/ company004 N 004</p> <p>VAT: 0.21</p> <p>Score: 0.0</p> <h3>Credit card</h3> <p>Credit card: company004</p> <p>Number: 4716608495468891</p> <p>Make: VISA</p> <p>Expiration month: 5</p> <p>Expiration year: 20</p> <p>CVV: 926</p> <div> <a href="#">Get Personal Data</a> <a href="#">Delete personal data and account.</a> </div> </div>

	<i>The system will ask us “As a company, personal data is not considered, if not system actions, all information relating to positions, problems, applications and messaging” to confirm that message, when we click OK, we obtain the document (pdf).</i>
Outcome	All works as expected
Notes	

## Use case UC011 An authenticated actor can edit personal data

### Description

*An authenticated actor must be able to edit his personal data*

### Access

*Main Menu > Login > Login(company1/company1) > Profile (Hover) > Edit profile*

### Tests

#### Test #16

##### Description

*We click on Profile and then Edit profile in the dropdown menu and we edit the attributes:*

*Surname: Company's → Company's, Another surname*

*Address: Reina Mercedes → Address edited*

*Commercial name: commercialName1 → Editing example*

##### Expected

*The system must return a form, we edit the corresponding attributes, and hit save.*

**Company: Edit**

Test #27													
Description	Click on Problems to get the list of problems and hit Edit button of Problem 019, that we have just create previously.												
Expected	After clicking Edit button you get problem form with all data charged. <div><div><div><div><h3>Edit problem</h3><div>Title <input type="text" value="Problem 019"/></div><div>Statement <input type="text" value="Problem 019"/></div><div>Hint <input type="text" value="Problem 019"/></div><div>Attachments <input type="text" value="Problem 019"/></div></div><div><div>The attachments must be separated by ","</div><div><input type="button" value="Save"/> <input type="button" value="Cancel"/></div></div></div></div><div><div><div><h3>Edit problem</h3><div>Title <input type="text" value="Problem 019 Edited"/></div><div>Statement <input type="text" value="Problem 019"/></div><div>Hint <input type="text"/></div><div>Attachments <input type="text" value="019, 020"/></div></div><div><div>The attachments must be separated by ","</div><div><input type="button" value="Save"/> <input type="button" value="Cancel"/></div></div></div></div></div> <div>Then you enter new data, hit Save button and the result must be Position 5 display showing his problems list, with Problem 019 new data.<div><div>Problems: <input type="button" value="Create"/></div><div>One item found.</div><div>1</div><table><tr><th>Title</th><th>Statement</th><th>Hint</th><th></th><th></th><th></th></tr><tr><td>Problem 019 Edited</td><td>Problem 019</td><td></td><td><input type="button" value="Edit"/></td><td><input type="button" value="Set as FINAL"/></td><td><input type="button" value="Display"/></td></tr></table></div></div>	Title	Statement	Hint				Problem 019 Edited	Problem 019		<input type="button" value="Edit"/>	<input type="button" value="Set as FINAL"/>	<input type="button" value="Display"/>
Title	Statement	Hint											
Problem 019 Edited	Problem 019		<input type="button" value="Edit"/>	<input type="button" value="Set as FINAL"/>	<input type="button" value="Display"/>								
Outcome	All works as expected												
Notes													

## Use case UC021 A company can delete one of their problems

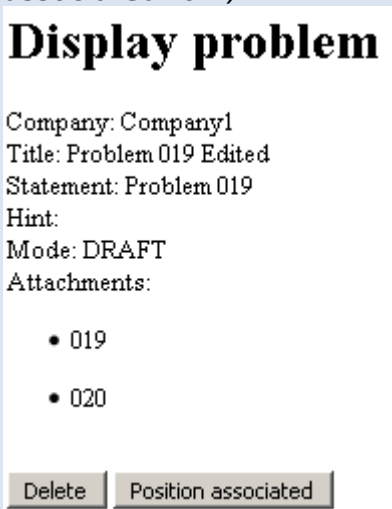

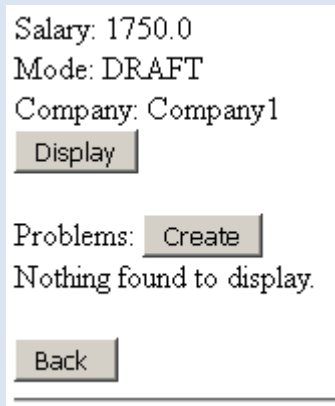

### Description

A company must be able to delete one of the problems of their database of problems.

### Access

Main menu > Login > Login(company1/company1) > Problems > Edit (Problem 019)

### Tests

Test #28	
Description	Click on Problems to get the list of problems and hit Display button of Problem 019, that we have just update previously. Then press Delete button to remove Problem 019 Edited.
Expected	<p>You must obtain a display view with a Delete button, hit it and the system will redirects you to Position 5 display, without any problem associated (because the problem deleted was the only one associated to it).</p>  <p>→</p> 
Outcome	All works as expected
Notes	

## Use case UC022 A company can list applications to their positions

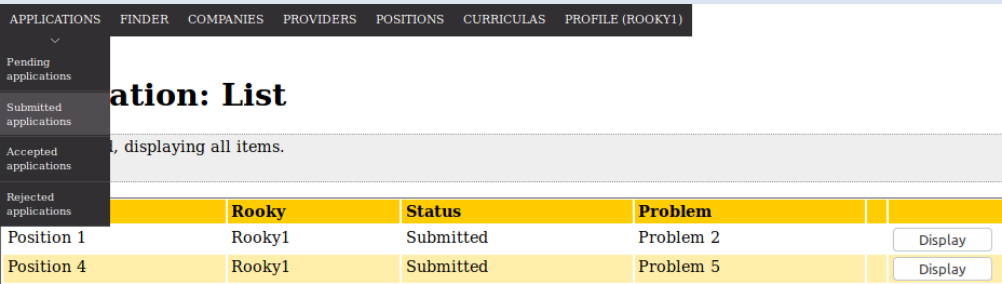

### Description

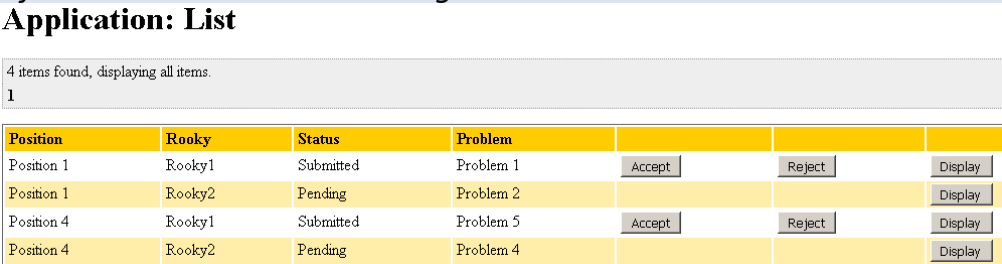

A company must be able to list applications to their positions, which includes listing them grouped by status.

### Access

Main menu > Login > Login(company1/company1) > Applications > Submitted applications

### Tests

Test #29	
Description	Click on Application hover and hit Submitted applications. Note: in the image you can see where is the button.
Expected	<p>You must obtain a list like the one below.</p> 
Outcome	All works as expected
Notes	

Test #29	
Description	Click on Application hover and hit My applications. Main menu > Login > Login(company1/company1) > Applications > My applications
Expected	<p>System must return this listing</p> <p><b>Application: List</b></p> 
Outcome	All works as expected
Notes	

## Use case UC023 A company can display applications to their positions

### Description

*A company must be able to display applications to their positions*

### Access

*Main menu > Login > Login(company1/company1) > Applications > My applications > Display(Application associated to Position1-Rooky1)*

### Tests

Test #30	
Description	<i>Click Applications hover to hit My applications, and then hit Display button of Application that implies Position1 and Rooky1</i>
Expected	<i>System must return a view like this:</i> <div><b>Application: Display</b>  Position: Position 1 Rooky: Rooky1 Problem: Problem 1 Status: Pending Application moment: 16/03/2018 15:20  <input type="button" value="See attached curricula"/>  <input type="button" value="Back"/></div> <i>Note: Explanation, link and submit moment don't appear when status is Pending.</i>
Outcome	All works as expected
Notes	

Test #31	
Description	<i>Click Applications hover to hit My applications, and then hit Display button of Application that implies Position4 and Rooky1</i>
Expected	<p><i>System must return a view like this:</i></p> <div> <h2>Application: Display</h2> <p>Position: Position 4  Rooky: Rooky1  Problem: Problem 5  Explanation: Explanation application 3  Link: <a href="http://www.linkAnswer3.com">http://www.linkAnswer3.com</a>  Status: Submitted  Application moment: 16/03/2018 15:22  Submit moment: 16/03/2018 15:30</p> <p>See attached curricula</p> <p>Back</p> </div> <p><i>Note: Explanation, link and submit moment must appear when status is Submitted.</i></p>
Outcome	All works as expected
Notes	

## Use case UC024 A company can accept or reject applications to their positions

### Description

A company must be able to update applications, that amounts to making a decision on it. Ans application whose status is **submitted** may change to status accepted or rejected.

### Access

Main Menu > Login > Login(company1/company1) > Applications > Submitted applications

### Tests

Test #32

Description

Expected

Outcome

Notes

A company only updates submitted application to change its status to accepted or rejected. Then, goes to Applications and click on Submitted applications and accept Application(Position4-Rooky1)

Application: List

2 items found, displaying all items.

1

Position	Rooky	Status	Problem			
Position 1	Rooky1	Submitted	Problem 2	Accept	Reject	Display
Position 4	Rooky1	Submitted	Problem 5	Accept	Reject	Display

You must click on Accept and you must obtain this listing:

Acme Rookies

COMM-1783	Position 8	FINAL	2020/04/24 00:00	Display	Apply	Show audits

### Tests

Test #35																			
Description	<i>You must click on Positions, and then hit Apply button in the Position 6 row. System will redirects you to another view to choose a curricula to apply, then hit Apply with this curricula (there's only one row: Curricula 1254).</i>																		
Expected	<p><i>First, system must return this view for you to select a curricula</i></p> <div><h3>Choose a curricula to apply</h3><div>One item found. 1</div><table><tr><td>Curricula Id</td><td>x</td><td></td></tr><tr><td>1254</td><td>See curricula</td><td>Apply with this curricula</td></tr></table><p><i>Once you hit Apply with this curricula, system must redirect you to this listing, showing the new application created.</i></p><h3>Application: List</h3><div>One item found. 1</div><table><tr><th>Position</th><th>Rooky</th><th>Status</th><th>Problem</th><th></th><th></th></tr><tr><td>Position 6</td><td>Rooky1</td><td>Pending</td><td>Problem 6</td><td>Submit</td><td>Display</td></tr></table></div>	Curricula Id	x		1254	See curricula	Apply with this curricula	Position	Rooky	Status	Problem			Position 6	Rooky1	Pending	Problem 6	Submit	Display
Curricula Id	x																		
1254	See curricula	Apply with this curricula																	
Position	Rooky	Status	Problem																
Position 6	Rooky1	Pending	Problem 6	Submit	Display														
Outcome	All works as expected																		
Notes																			

## Use case UC028 A rooky can update one of their application

### Description

A rooky must be able to update an application, which consists in submitting a solution to the corresponding problem.

### Access

Main Menu > Login > Login(rooky1/rooky1) > Applications > Pending applications > Submit(Position6-Rooky1)

### Application: List

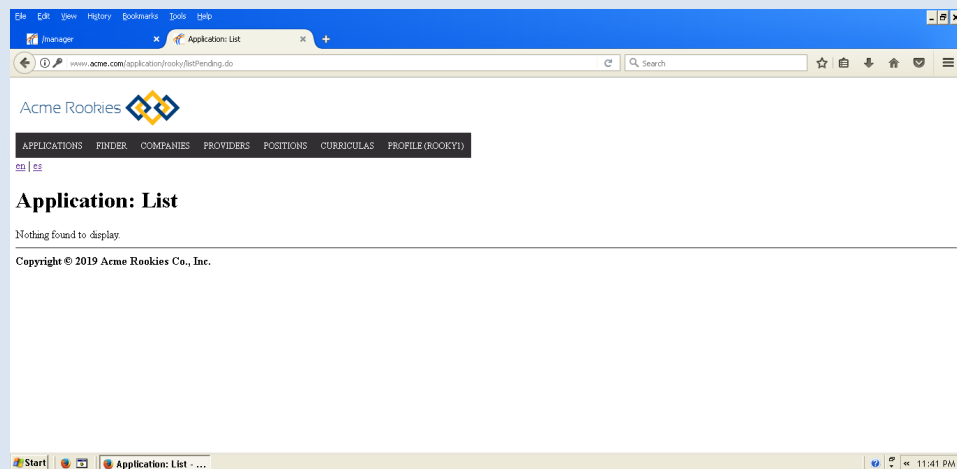

One item found.					
1					
Position	Rooky	Status	Problem		
Position 6	Rooky1	Pending	Problem 6	<input type="button" value="Submit"/>	<input type="button" value="Display"/>

### Tests

Test #36	
Description	Inside Applications (hover) click on Pending applications, then hit Submit button in the only row of the list. You will obtain a form, hit Submit without filling any field.
Expected	System must return the same form with validation errors message: <div><h3>Application: Edit</h3><div>Explanation <input type="text"/></div><div>Link <input type="text"/></div><div><input type="button" value="Submit"/> <input type="button" value="Volver"/></div></div> <div>Must not be blank</div>

## Outcome

**BUG FOUND:** We log at the system at rookie1 and the pending applications list is empty, so we cannot do the test.

## Notes

## Test #37

### Description

Inside Applications (hover) click on Pending applications, then hit Submit button in the only row of the list. You will obtain a form, write the following data:  
Explanation: "Explanation example"  
Link: "<https://www.linkedin.com/>"  
Finally hit Submit button to update the application

### Expected

First, system must provide you a form to write a Explanation and a Link:

A screenshot of the 'Application: Edit' form. The form has a title 'Application: Edit' at the top. Below the title, there are two input fields. The first field is labeled 'Explanation' and contains the text 'Explanation example'. The second field is labeled 'Link' and contains the text 'https://www.linkedin.com/'. At the bottom of the form, there are two buttons: 'Submit' and 'Volver'.

Click on Submit and system must redirect you to this list, where we can see that application has been updated

Outcome

Notes

Application: List

3 items found, displaying all items.

1

Position	Rooky	Status	Problem		
Position 1	Rooky1	Submitted	Problem 1		<div>Display</div>
Position 4	Rooky1	Submitted	Problem 5		<div>Display</div>
Position 6	Rooky1	Submitted	Problem 6		<div>Display</div>

All works as expected

## Use case UC029 A rookie can list their curriculas

### Description

A rookie must be able to list their curriculas

### Access

Main Menu > Login > Login(rooky1/rooky1) > Curriculas

### Tests

Test #37							
Description	Click on Curriculas button, in the header						
Expected	<div><b>Curricula: all</b></div> <div><div>One item found.</div><div>1</div></div> <div><table><tr><th>Curriculum id</th><th></th><th></th></tr><tr><td>1254</td><td>Delete Curricula</td><td>Display</td></tr></table><div>Create</div></div> <div>System must return this curricula list. Note that Curriculum id can change depends on the database</div>	Curriculum id			1254	Delete Curricula	Display
Curriculum id							
1254	Delete Curricula	Display					
Outcome	All works as expected						
Notes							

## Use case UC030 A rooky can display one of their curriculas

### Description

A rooky must be able to display one of their curriculas. That implies display Curricula records too.

### Access

Main Menu > Login > Login(rooky1/rooky1) > Curriculas > Display

### Tests

Test #38

Outcome	All works as expected															
Notes																

## Use case UC042 An auditor can self-assign a position

### Description

An auditor must be able to self-assign a position to audit it

### Access

Main menu > Login(auditor1/auditor1) > Positions > Audit (Position 10)

### Tests

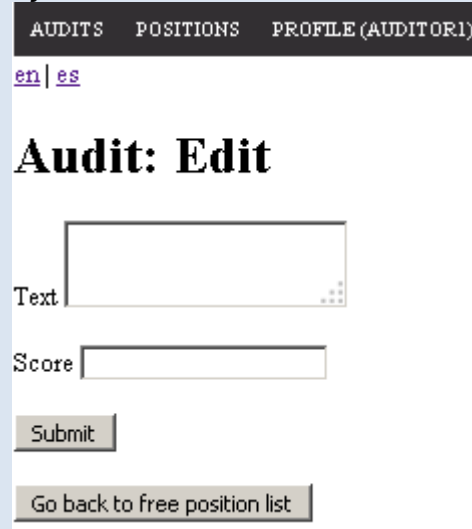

#### Test #67

##### Description

Click on Positions button in header menu. Hit Audit button that corresponds to Position 10. Then system must provide a form, and you must fill it in with this information:  
Text: "Text 042"  
Score: "9"  
And finally hit Save button.

##### Expected

System must return this form:

After filling it in and pressing Save button, system must redirect you to Audits list, where you must find the new audit.

#### Audit: List

3 items found, displaying all items.

1

Position	Auditor	Text	Score				
Position 1	Auditor1	Text audit 3	7	Edit	Delete	to Final	Show audits
Position 4	Auditor1	Text audit 4	3	Edit	Delete	to Final	Show audits

Item 2	Description Item 2	Delete	Edit	Display												
	Create															
Outcome	All works as expected															
Notes																

## Use case UC048 A provider can display one of their items

### Description

A provider must be able to showing one of the items of his catalogue

### Access

Main menu > Login(provider1/provider1) > My Items > Display(Item 1)

### Tests

Test #73	
Description	Click on My Items in the header menu and once here, hit Display button corresponding to Item 1.
Expected	<p>System must return this view:</p> <div><h3>Mostrar: Item</h3><p>Name: Item 1 Description: Description Item 1 Links: [http://link1.com, http://link2.com] Links</p><ul style="list-style-type: none"><li>• <a href="http://link1.com">http://link1.com</a></li><li>• <a href="http://link2.com">http://link2.com</a></li></ul><p>Photo: No image to show for: http://photoItem1.com</p><p>Back</p></div>
Outcome	<p><b>BUG FOUND:</b> When we display an item, the links are displayed into brackets (links doesn't appear as expected).</p> <div><h3>Mostrar: Item</h3><p>Name: Item 1 Description: Description Item 1 Links: [http://link1.com, http://link2.com] Photo: No image to show for: http://photoItem1.com</p><p>Back</p></div>
Notes	

## Use case UC049 A provider can update one of their items

### Description

A provider must be able to update one of the items of his catalogue

### Access

Main menu > Login(provider1/provider1) > My Items > Edit(Item 1)

### Listar: Items

2 items found, displaying all items.  
1

Name	Description		
Item 1	Description Item 1	Delete Edit	Display
Item 2	Description Item 2	Delete Edit	Display

Create

### Tests

Test #74													
Description	Click on My Items and once here, hit Edit button of Item 1. You must see a form, change the following data and hit Save button: Name: "Item 1" → "Item 1 Edited" Description: "Description Item 1" → "Description Edited"												
Expected	First, system must return this form after hitting Edit button: <div><div>Editor: Item</div><div><div>Name</div><div>Item 1</div><div>Description</div><div>Description Item 1</div><div>Photo</div><div>http://photoItem1.com</div><div>Links</div><div>http://link1.com,http://lir</div><div>Save</div><div>Back</div></div></div> <p>Once you have saved data, system must redirect you to list, where you must see Item 1 Edited:</p> <div><div>Listar: Items</div><div>2 items found, displaying all items.</div><div>1</div><table><tr><th>Name</th><th>Description</th><th></th><th></th></tr><tr><td>Item 1 Edited</td><td>Description Edited</td><td>Delete</td><td>Edit</td></tr><tr><td>Item 2</td><td>Description Item 2</td><td>Delete</td><td>Edit</td></tr></table></div>	Name	Description			Item 1 Edited	Description Edited	Delete	Edit	Item 2	Description Item 2	Delete	Edit
Name	Description												
Item 1 Edited	Description Edited	Delete	Edit										
Item 2	Description Item 2	Delete	Edit										
Outcome	All works as expected												
Notes													

## Use case UC050 A provider can create a item

### Description

A provider must be able to create a item.

### Access

Main menu > Login(provider1/provider1) > My Items > Create

### Listar: Items

2 items found, displaying all items.  
1

Name	Description			
Item 1	Description Item 1	Delete	Edit	Display
Item 2	Description Item 2	Delete	Edit	Display

Create

### Tests

#### Test #75

**Description** Click on My Items in header, then hit Create button and system must redirect you to a form, which you must to enter the following information:

Name: "Item 050"

Description: "Description 050"

Photo: "<https://www.pandasecurity.com/mediacenter/src/uploads/2014/11/short-link.jpg>"

Link: "<https://www.pandasecurity.com/spain/>"

**Expected** System must return this form:

### Editor: Item

Name

Description

Photo

Links

Save Back

After entering data and hit Save button, system must redirect you to My Item listing, where new item must appear:

### Listar: Items

3 items found, displaying all items.  
1

Name	Description			
Item 1 Edited	Description Edited	Delete	Edit	Display
Item 2	Description Item 2	Delete	Edit	Display
Item 050	Description 050	Delete	Edit	Display

Create

Outcome	All works as expected
Notes	

Test #76	
Description	<i>Click My Items and hit Create button. System must show you a form, then hit Save button without entering any data.</i>
Expected	<i>System must show you the same form, but validation errors messages next to the wrong fields:</i> <div data-bbox="405 504 997 808"> <h3>Editor: Item</h3> <p>Name <input type="text"/> <b>Must not be blank</b></p> <p>Description <input type="text"/> <b>Must not be blank</b></p> <p>Photo <input type="text"/></p> <p>Links <input type="text"/></p> <p><input type="button" value="Save"/> <input type="button" value="Back"/></p> </div>
Outcome	All works as expected
Notes	

## Use case UC051 A provider can delete one of their items

### Description

*A provider must be able to delete one of the items of his catalogue*

### Access

*Main menu > Login(provider1/provider1) > My Items > Delete(Item 2)*

### Listar: Items

3 items found, displaying all items.			
1			
Name	Description		
Item 1 Edited	Description Edited	Delete Edit	Display
Item 2	Description Item 2	Delete Edit	Display
Item 050	Description 050	Delete Edit	Display

Create

### Tests

Test #77													
Description	Click on Mi Items in header and hit Delete button corresponding to Item 2.												
Expected	System must show the same list but Item 2, because after hitting Delete button corresponding to Item 2, it's removed.												
	<div>Listar: Items</div> <div>2 items found, displaying all items.</div> <div>1</div> <table><thead><tr><th>Name</th><th>Description</th><th></th><th></th></tr></thead><tbody><tr><td>Item 1 Edited</td><td>Description Edited</td><td>Delete Edit</td><td>Display</td></tr><tr><td>Item 050</td><td>Description 050</td><td>Delete Edit</td><td>Display</td></tr></tbody></table> <div>Create</div>	Name	Description			Item 1 Edited	Description Edited	Delete Edit	Display	Item 050	Description 050	Delete Edit	Display
	Name	Description											
	Item 1 Edited	Description Edited	Delete Edit	Display									
Item 050	Description 050	Delete Edit	Display										
Outcome	All works as expected												
Notes													

## Use case UC052 A provider list their sponsorships

### Description

*A provider must be able to list their sponsorships*

### Access

*Main menu > Login(provider1/provider1) > Sponsorships*

### Tests

Test #78								
Description	Click on Sponsorships button in header							
Expected	System must return this list							
	<b>My sponsorships</b>							
	<div>One item found.</div> <div>1</div>							
	<table><tr><td></td><td>Target page</td><td>Credit card</td><td></td></tr><tr><td><a href="#">Edit</a></td><td><a href="#">Display target page</a></td><td>5316710759043864</td><td><a href="#">Display</a></td></tr></table> <div><a href="#">Add sponsorship</a></div>		Target page	Credit card		<a href="#">Edit</a>	<a href="#">Display target page</a>	5316710759043864
	Target page	Credit card						
<a href="#">Edit</a>	<a href="#">Display target page</a>	5316710759043864	<a href="#">Display</a>					
Outcome	All works as expected							
Notes								

## Use case UC053 A provider can display one of their sponsorships

### Description

A provider must be able to display one of their sponsorships.

### Access

Main menu > Login(provider1/provider1) > Sponsorships > Display

### My sponsorships

One item found. 1			
	Target page	Credit card	
<a href="#">Edit</a>	<a href="#">Display target page</a>	5316710759043864	<a href="#">Display</a>

[Add sponsorship](#)

### Tests

Test #79	
Description	Click on Sponsorships button in header and then click on Display of sponsorship with credit card number 5316710759043864.
Expected	System must returns this view: <div><h2>Display sponsorship</h2><p>Banner:</p><div> Hacker Rank</div><p>Target page: <a href="#">Display target page</a></p><h3>Credit card</h3><p>Holder name: Sponsorship 1 Make: MASTERCARD Number: 5316710759043864 Expiration month: 1 Expiration year: 26 CVV: 408</p><div>Associated position</div></div>
Outcome	All works as expected
Notes	

## Use case UC054 A provider can update one of their sponsorships

### Description

A provider must be able to update one of their sponsorships

### Access

Main menu > Login(provider1/provider1) > Sponsorships > Edit

### My sponsorships

One item found. 1			
	Target page	Credit card	
<a href="#">Edit</a>	<a href="#">Display target page</a>	5316710759043864	<a href="#">Display</a>

[Add sponsorship](#)

### Tests

Test #80	
Description	<p>Click on Sponsorships in header menu. Then click on Edit corresponding to sponsorship with credit card 5316710759043864. After that, system must provide you a form with the sponsorship data, and you must change: Banner: "<a href="https://i.imgur.com/7b8lu4b.png">https://i.imgur.com/7b8lu4b.png</a>" → "<a href="https://ghc.anitab.org/wp-content/uploads/sites/2/2017/08/example-banner-announcement-1.png">https://ghc.anitab.org/wp-content/uploads/sites/2/2017/08/example-banner-announcement-1.png</a>" Target page: "<a href="http://www.targetPage1.com">http://www.targetPage1.com</a>" → "<a href="https://ghc.anitab.org">https://ghc.anitab.org</a>" Done this, you must click on Save, and system must redirect you to sponsorship list where you must click on Display target page to check if update has been successful.</p>
Expected	<p>First system must show form with actual sponsorship data:</p> <div><h3>Edit sponsorship</h3><p>Banner <input type="text" value="https://i.imgur.com/7b8lu4b.png"/></p><p>Target page <input type="text" value="http://www.targetPage1.com"/></p><p>Holder name <input type="text" value="Sponsorship 1"/></p><p>Make <input type="text" value="VISA"/></p><p>Number <input type="text" value="5316710759043864"/></p><p>Expiration month <input type="text" value="1"/></p><p>Expiration year <input type="text" value="26"/></p><p>CVV <input type="text" value="408"/></p><p><input type="button" value="Save"/> <input type="button" value="Delete"/> <input type="button" value="Cancel"/></p></div> <p>When you change data and hit Save button, system must redirect you to the Sponsorship list, where you must click on Display Target</p>

	<i>Page. Finally, anitab.org must be display.</i>
Outcome	All works as expected
Notes	

## Use case UC055 A provider can delete one of their sponsorships

### Description

A provider must be able to delete one of their sponsorships.

### Access

Main menu > Login(provider1/provider1) > Sponsorships > Edit > Delete

### My sponsorships

One item found. 1			
	Target page	Credit card	
<a href="#">Edit</a>	<a href="#">Display target page</a>	5316710759043864	<a href="#">Display</a>

[Add sponsorship](#)

### Tests

Test #81	
Description	Click on Sponsorships in header menu. Then click on Edit corresponding to sponsorship with credit card 5316710759043864. After that, system must provide you a form with the sponsorship data, and you must hit Delete button.
Expected	<p>First system must return this form with delete button below:</p> <div><h3>Edit sponsorship</h3><p>Banner <input type="text" value="https://i.imgur.com/7b8lt"/></p><p>Target page <input type="text" value="http://www.targetPage1"/></p><p>Holder name <input type="text" value="Sponsorship 1"/></p><p>Make <input type="text" value="VISA"/></p><p>Number <input type="text" value="5316710759043864"/></p><p>Expiration month <input type="text" value="1"/></p><p>Expiration year <input type="text" value="26"/></p><p>CVV <input type="text" value="408"/></p><p><input type="button" value="Save"/> <input type="button" value="Delete"/> <input type="button" value="Cancel"/></p></div> <p>Once you hit Delete button, system must redirect you to sponsorship list, where you should see that the sponsorship you have deleted is not:</p> <div><h3>My sponsorships</h3><p>Nothing found to display.</p><p><a href="#">Add sponsorship</a></p></div>
Outcome	All works as expected
Notes	

## Use case UC056 A provider can create a sponsorship

### Description

*A provider must be able to create a sponsorship*

### Access

*Main Menu > My Positions > Sponsors (Position 6)*

## Position: List

7 items found, displaying 1 to 5.

[First/Prev] 1, 2 [Next/Last]

Ticker	Title	Mode	Deadline	×			
COMM-1234	Position 1	FINAL	2020/04/24 00:00	Display	Show audits	<a href="#">Sponsors</a>	
COMM-1237	Position 4	FINAL	2020/04/24 00:00	Display	Show audits	<a href="#">Sponsors</a>
